FIRST DAY ACCESS.**

What is FIRST DAY ACCESS?

1. You will receive access to the content on the first day of class for participating courses
 - You have already been billed for this course material.
2. Billed to your student account
 - Will appear on your SDePAY bill / payment screen as "METXT". If you have already paid your tuition and fees you will need to check your SDePay / payment screen for the new billing.
 - The charge will vary by course.
 - You will have **Lifetime Access** to the digital textbook.

To initially access your course material

1. Log into your course via Desire2Learn – available through WebAdvisor
 - If you log in earlier than the first day the material may not be available. Please re-try the first day of class.
 - After the first time you access your course material, you can continue to access it two ways
 - Via your D2L course
 - www.vitalsource.com
 - It is **HIGHLY RECOMMENDED** that you download your book to your digital locker. This will allow you to access it offline.
 - If an access code is required / included, you can find it at the bottom on your email.

FIRST DAY ACCESS – GENERAL INFORMATION

How to OPT-OUT out of the program

1. Click the link on the email you received to visit your First Day Access Student Portal.
2. Click the “Opt-Out of Item” button located on the actions tab of the course/title that you desire to opt-out from.
3. Purchase the equivalent materials either directly from the Rocker Shop or alternate source.
4. **Must OPT-OUT by the Drop/ Add Deadline for the semester – AUGUST 30, 2018**

Reasons to Opt-Out?

1. OPT-OUT if you are **retaking a course** that used the same access code or digital textbook as the original course.
 - **FOR EXAMPLE:** You may have taken MATH 102 (Algebra) last semester and need to retake the course. The course material is the same as the print copy/access code you purchased last semester; therefore, you do not need the material again via FIRST DAY ACCESS so you must OPT OUT to avoid a fee on your student account.
2. OPT-OUT if you are taking a **continuation course** that is using the same product (same textbook) as the original course.
 - **FOR EXAMPLE:** You may have taken MATH 102 (Algebra) last semester and will be taking MATH 120 (Trigonometry) this semester. The course material is the same as the print copy/access code you purchased for MATH 102 (Algebra); therefore, you do not need the material again via FIRST DAY ACCESS so you must OPT OUT to avoid a fee on your student account.
3. ***If you want to purchase your course material from a different source, it is your responsibility to purchase the correct course material for the class***
